# SECURITY 2017

## MANAGEMENT CERTIFICATE PROGRAM

**MAILCOM '17 ~ APRIL 10-12, 2017 ~ PHILADELPHIA CONVENTION CENTER**

## Mail & Package Security: New Threats and Solutions In Protection & Prevention for your organization

Protecting your people and mail operations is your most important job. Learning about the latest threats, assessment and prevention measures is critical for your organization's safety and security. That's what the SECURITY 2017 program is all about.

Register for MAILCOM '17 and earn your SECURITY 2017 management certificate at the conference. You will learn:

- Latest techniques for protecting and training staff that handles inbound mail and packages
- Identification of the latest deadly substances, including Fentanyl, that can kill mailroom employees on contact
- The latest technology for screening mail and packages
- Compliance with Federal and postal regulations
- Detection strategies for biohazards
- Property and facility security management
- Crisis management and chain of command
- Creating Emergency Action Plans that work
- Creating security vendor RFPs and managing vendors
- Threat assessment & notifications
- Explosives identification and management
- Real-life case studies and costly mistakes to avoid

Upon completion of the SECURITY 2017 program, you will receive a Management Certificate signifying your accomplishment. You may use this towards your MCOM certification.

For over thirty years MAILCOM has provided educational training on mail and facility security to help organizations protect their people and property.

**PRESENTED BY TOP SECURITY EXPERTS, POSTAL INSPECTORS, AND FACILITY MANAGERS**

SECURITY 2017 features the most up-to-date information to help you protect your organization.

Educational sessions are held during the three days of MAILCOM '17. You will be able to attend other areas of interest while you earn your certificate. Plus, you will be able to access all MAILCOM '17 functions including keynotes, food functions, and the exhibit hall.
